MESSAGE FROM THE CHAIRMAN

Education for eternal human values, non-violence, compassion, brotherhood and the spirit of sacrifice have been inherent in the Indian way of life and Indigenous education system.

Lord Mahavira is considered as an apostle of 'AHIMSA'. His teachings have inspired many to imbibe renunciation of violence in thought, speech and action with a view to bringing about eternal purification. The life and teachings of Lord Mahavira about tolerance, compassion and brotherhood are extremely relevant for our composite culture and social cohesion.

To expand his teachings in education in true spirits of global quality with ethics and spiritual element, Syadwad Jain Educational and Social Trust has been established with the blessing of Param Pujaya Acharya Shri Vidyabhushan Sanmati Sagarji Maharaj. In the next few years, we are likely to witness a tremendous upsurge in the demand for Techno-Management Professionals in India. The transformation from one era to another demands innovative thinking, new approaches and new skills to accelerate the growth and to assure the success. We understand that the creditability of any education system depends on factors like highly Qualified and dedicated faculty, innovative pedagogy and infrastructure at par with Global standards. Learning beyond syllabus is the success mantra of any Institute.

We have great dreams and great visions for our students in their journey ahead. I am sure, together we will weave the hopes and dreams of tomorrow and together we will shape the future of mankind.

I welcome all the students and parents to become the part of the institute and help us our endeavour to expand the horizons of education and taking India to new heights in the future.

NAGENDRA GOEL

MESSAGE FROM THE PRINCIPAL

In the globalized competitive world human resources have the most critical competitive advantage. It is much easier to get technology, financial resources and other services, but the organizations cannot “Buy” the cultural commitments of people and critical competencies. Our country is facing acute shortage of qualified trainers. Reflecting on your own experience is a very effective and lasting form of learning. We strongly believe “Teaching and Training is only effective if it promotes learning. Competence develops from acquisition of Knowledge, good thinking and doing.

‘Syadwad Institute of Higher Education and Research’ has been making sustained efforts to meet this critical human resources demand that is at par with the best in the world. It is offering several innovative Training Programmes for Trainers to enhance competencies and commitments.

Rakesh Chopra

The Institute

We at Syadwad Institute of Training of Trainers are committed to train our Trainers by integrating the corporate training rooms within the four corners of our class rooms and providing innovative students friendly academic as well as training environment, so that each and every trainer proves himself/herself as an asset for the institute wherever he/she works. The Institute has been established by Syadwad Jain Educational & Social Trust with the blessings & inspiration of Param Pujaya Acharya Shri Vidyabhushan Sanmati Sagarji Maharaj.
